The ultimate LED High Bay lamp! The Econolight™ Stratos LED High Bay offers a revolutionary 130lm/W **from the fixture**. The design allows multiple variants to be designed with accompanying accessories - DALI dimming, 1-10V dimming, varied mounting systems and optional lens covers to improve lux and installation opportunities. The quality of build is outstanding and top-of-the-range components are used to ensure longevity and performance: Nichia SMD chips (Japanese) and Mean Well (Taiwanese) drivers form the heart and soul of one of the best performing lamps on the market.
