# ECONOLIGHT™ 6W GU10 DOWNLIGHT

- High Luminous Flux – up to 400 lm
- Low Power Consumption – replace 35W
- Beam Angle 30° / 60°
- Patented Heat Dissipation Technology using CERAMIC BASE
- > 40 000hr lifespan
- **3 YEAR WARRANTY**

## SPECIFICATIONS

|                        |                             |
|------------------------|-----------------------------|
| Lamp Power:            | 6W                          |
| Input Voltage:         | 220V                        |
| Cap End Fitting:       | GU10                        |
| Total Output Power:    | 6W                          |
| Luminous Flux (+-10%): | 400lm                       |
| Colour Temperature:    | Daylight White 6000K        |
| Colour Rendering:      | 70 – 75                     |
| Beam Angles:           | 30° / 60°                   |
| Halogen Equivalent:    | 35W                         |
| Dimmable:              | NO                          |
| Material:              | Aluminum Die Cast / Ceramic |
